# Protected

I always believed in God ... I grew up in a small town in Nova Scotia. I was baptized in the Anglican Church as an infant and my mother took my sister and me to Sunday School. God has watched over me through the years but I was unaware of how much He guided and protected me.

I often talked to God when I needed something and was thankful for the things He provided. I prayed for Him to help me in situations where my free will got me into trouble. However, I also spent many hours worrying and my mind was distracted by jealous and negative feelings. I tried attending various churches but still felt spiritually empty and alone. I longed to feel the love and presence of Jesus, and hoped to hear His voice someday. I had no idea how desperately He was still watching and searching for my heart. My spirit was broken and I was hurt, confused, angry, and living in Calgary, with my family 3000 miles away. One day my Christian employer gave me a book ... This was the turning point in my life ...
