**I've always had a clear interest and love for music.**

Through years of piano and guitar lessons, I discovered my creative style and abilities. A lot of my inspiration to become a DJ came from some of my favorite electronic music artists, who could manipulate and transform different songs live, into one continuous, gapless mix. Over the past 6 years I've trained, practiced, composed my own music, and had opportunities to perform at FAC

youth events, school dances, and other public events in Calgary. **People ask me, "How can you be a DJ, and a Christian at the same time?" The way I look at it, God has blessed me with these musical talents and abilities that I've practiced, so why not use them?**

**I'm very excited to be able to use my passion and musical abilities to further God's Kingdom as part of "Legacy One."** We perform motivational hip-hop, dance, spoken word, break dancing, and of course DJing routines in public schools. Though we aren't allowed to mention God directly, through our testimonies, performances, and messages of hope, God speaks through us into the students' and teachers' lives. Like many of our other full time members, I've felt led to quit my paying job and turn down many career-advancing opportunities in Calgary, because God has shown me that this is where He wants me to be, fully surrendered and leaving it all to Him to provide for me. **• Bryce Plante (Gremlyn) is our guest DJ in our services here at FAC this weekend.**
