Islam is the fastest growing major religion, and has been growing since its inception in the Arabian Desert nearly 14 centuries ago. Every year, Islam adds more than the population of Canada – some 37 million people – to its ranks ... In the midst of this unparalleled growth, another story is unfolding, one that has escaped the headlines. Muslims are turning to faith in Jesus Christ!

In the first seven centuries of Muslim-Christian interchange only three movements of at least 1,000 Muslims to Christianity were recorded. Then, five more centuries passed without a single Muslim movement to Christ ...

The tide began to turn in the late 19th century ... The greatest turning of Muslims to Christ in history, however, has been reserved for the 21st century. Since 2001, there have been a further 72 movements of at least 1,000 Muslims turning to Christ, numbering in the hundreds of thousands. It is no small coincidence that this great awakening in the Muslim world has coincided with an unprecedented prayer movement for Muslims ...

This year, we continue to pray through the House of Islam ... As always, we pray that we might better understand and contribute to this great ingathering of Muslims into the family of faith in Jesus Christ.
